## GUNFIRE'S SMART GALLOP OVER THE HANDICAP DISTANCE.

Winner of the Metropolitan Handicap, Gunfire's smart gallop over the handicap distance in 2:08 1/2—Tardam's Good Work.

Crowds congregated yesterday at the Metropolitan Handicap to see the final trial of the Brooklyn Handicap candidates. The Gravesend course was the particular trying ground, as trainers from the other tracks were anxious to see their charges over the course where they will have to run tomorrow.

At an early hour William C. Whitney's trainer, J. W. Rogers, rode in on the Gravesend course and examined every corner of the track, which he found in perfect shape. He soon had on the course the stars Gunfire, Irish Lad, Goldenrod, Matchless and a pair of two-year-olds. Gunfire was the first to be asked the question when Trainer Rogers had them in readiness.

With her exercise boy, McLaughlin, in the saddle, she broke away from the quarter pole at the head of the bunch. As she passed the stand Mac called "Whoa!" to the mare and all at the course thought it was merely an opening gallop. The boy kept her going in the same steady gallop and the stand in 2:31 flat. Gunfire's beautiful action was never seen to better advantage, although she was only a quarter of a mile from the finish. The fractional time was as follows:
